#### **BIDDING PROCEDURE**

As a buyer you have two objectives to accomplish:

1. Purchasing the property
2. Purchasing the property at a price you can afford.

How is this accomplished?

1. Estimate comparative value. 2. Experienced buyers always decide what to pay before the bidding begins.
3. Inspect the property carefully.
4. Compare with other properties available in the area.
5. Check the selling price of previously sold properties.
6. Discuss your buying plans with a lender. Have your financing arrangements made in advance.
7. This sale is not subject to financing.

#### **AVOID OVER & UNDER BIDDING**

Always bid on a property toward a price. Establish that price before the bidding begins. By doing this you will avoid getting caught up in the auction excitement and pay a price that is too high for the market or one that you cannot afford. It will also make you confident to bid to your established fair market value. Many bidders who do not plan ahead end up with regrets after the auction because they were too nervous or uncertain about their judgment to bid.

#### **SUCCESSFUL BIDDER**

The successful bidder of the property shall be determined by competitive bidding. Should any disputes arise between bidders, the auctioneer shall have the right to make the final decision to either determine the successful bidder or to re-offer the property that is in dispute. The auction will be recorded and the auctioneer's records shall be conclusive in all respects.
